Product Catalog Additional Features – Additional Images

ADDITIONAL IMAGES

- ✘ Purpose of video: Define and demonstrate the additional images module and how to maintain the data related to it.
- ✘ Prerequisite Videos: maintaining product data, file uploads, file types and uploading files, and uploading data.

ADDITIONAL IMAGES

- ✘ Additional Images is an add-on feature to the product catalog.
- ✘ Allows you to display alternate images of a product on the detail page.
- ✘ The thumbnail for each image appears under the main image. Users can click on the thumbnail or a “View Larger” link to view a larger size image.
